

Request for wildlife & native vegetation signage

Council actively participates in the protection of wildlife and native vegetation across Moira Shire, this includes along roadsides and in reserves managed by Council in both rural and built-up areas.

Our natural environment is an asset to our region.

Council recognise signage can assist with protection of our natural resources and will endeavour to meet this request. The installation of signage incorporates standards and regulation in its placement and requirements that must be considered prior to agreement.

To assist Council, we ask that you fill out the below information for us to consider your request.

Please note: the request must be due to concern, protection, mortality rates, significant sightings etc. The location and approval will be at Council's discretion.

Contact details and request information.

Name:	
Address:	
Phone number and email:	
Native animal name:	
Native plant/plant community name:	
Reason for request:	
Requested location for plant/animal signage:

Collection notice

Council is collecting your personal information, on this form, for the purpose of contacting you regarding your request for installation of Wildlife and/or Native Vegetation Signage. If you do not provide the information, it may limit Council's ability to properly consider your request and contact you if further information is required.

Your personal information, collected, will be viewed by Council officers directly involved in processing your request. Please note: if the requested road is not Council-managed your information may be disclosed to other road authorities or agencies to consider your request.
