

New Purple Lid Glass Bins for Glass Recycling

Moira Shire Council is pleased to announce the delivery of the new purple lid bins for glass recycling. As part of the State Government's Four-Stream Waste and Recycling Service, these bins will be delivered to households from 14 October.

The purple-lid bins, with a 120-litre capacity, will be collected every four weeks starting in December. Residents are encouraged to start using the bins for glass bottles and jars only, ensuring glass is no longer placed in the yellow-lid recycling bin.

In 2025, the green lid organics and food waste bin will move to a weekly collection, and the red lid landfill bin will shift to fortnightly collections. Residents will receive a letter and a Moira Shire Kerbside Guide to assist with the upcoming changes, and help them know what goes in each bin.

Have Questions? Speak to Council staff at the following Information Sessions.

Saturday 26 October – Cobram Lions Market,
8.30am – 12.30pm

Sunday 27 October – Yarrowonga Foreshore Market,
8.30am-12.30pm

Environmental Sustainability Strategy

Moira Shire Council is developing the 2025-2030 Environmental Sustainability Strategy and invites community members to share their ideas to protect and enhance the region's environment.

Share your ideas, rank focus areas, and help shape a sustainable future.

The consultation period close **Monday 18 November**, your feedback is crucial to shaping our collective future. Head to the Moira Matters website to have your say.

Let's Grow!

Council is developing the Numurkah, Katunga and Strathmerton Corridor Plan to guide future growth in housing, the economy, and infrastructure.

We invite all residents to review the discussion paper and share their ideas on how to support sustainable growth in the region.

Have your say before **Monday 11 November**, www.moiramatters.com.au
Join us at a drop-in session on Monday 28 October:

Strathmerton 10am - 11am

Katunga 11.30am - 12.30pm

Numurkah 2pm - 4pm
