Discover grants with Goulburn Valley Funding Finder

Community groups and businesses operating in Moira, Shepparton and Strathbogie municipalities will be able to more easily find and apply for grants with Goulburn Valley Funding Finder.

Moira, Shepparton and Strathbogie Councils have joined forces with Australia's most powerful grant search engine, Grant Guru, to deliver a free one-stop-shop website for business and community grants.

You can simply use the search engine to find available grants and filter grants by specifying location, industry and type of project.

The website also assists with advice and top tips for finding and applying for grants to maximise your chances of receiving the funding you need.

Moira Shire Council CEO Mark Henderson said the three Councils wanted to provide further assistance with finding and applying for grants.

"There are a lot of great funding opportunities out there, but the process of finding and applying for grants can be a really daunting and time consuming and many people don't know where to start looking," Mr Henderson said.

"Goulburn Valley Funding Finder will take the guess work out of searching for grants and help groups and businesses navigate the process."

Goulburn Valley Funding Finder has been made possible through the Goulburn Valley Regional Collaborative Alliance between the three Councils, which looks to find savings, efficiencies and innovative solutions through partnership projects.
