Windsor Park Country Flavour

Buy products online or from local provedores

In 2002, Toni Matthews was diagnosed with coeliac disease. She found that gluten free food often was bland and boring. With this in mind, Toni started to experiment with different foods and flavours and some of her favourite recipes.

This was the beginning of Windsor Park Country Flavour, which was established in 2004.

Windsor Park Country Flavour offers a range of 100% gluten, wheat, dairy and egg free products. Choose from pickles, chutneys and sauces (mild to hot) that pair well with meat and cheese, sweet cakes and biscuits, and freshly baked bread.

Being a coeliac, Toni understands the risk of cross contamination and allergies.

Windsor Park Country Flavour products can be ordered online or purchased at local provedores. Follow on Facebook and Instagram for the latest product updates.
